

Highly absorbent

Contours to body

Waterproof backing

Impervia absorbent sterile dressings are designed to manage moderate to heavily exuding wounds. These dressings are a highly absorbent inner layer with blue impervious backing enclosed by a soft non-woven fabric.

ULTRASONICALLY BONDED

For conformability and minimising irritation

HIGHLY ABSORBENT

Inner layer easily absorbs excess fluid

FLUID REPELLENT BACKING

Avoids leakage and protects linen and clothing

Suitable for:

Primary or secondary dressing

Protection of clothing and linen

Moderate to heavy exuding wounds
